

## Notification regarding revision of HogoMax002 SDS and GHS label contents for Japan and US

Thank you for using DISCO products. Details regarding the topic above are as follows.

### Notification

HogoMax002 SDS and GHS label contents for Japan and the US will be revised.

Thank you for your understanding and cooperation.

### Background

Due to revisions to JIS Z7252 (classification of chemicals based on GHS), which is related to the “Industrial Safety and Health Act,” and JIS Z7253 (hazard communication of chemicals based on GHS—Labelling and Safety Data Sheet (SDS)), SDS and product labels will be revised.

The written contents of the SDS and GHS labels will be changed to the most updated information.

### Applicable products

The applicable products are only HogoMax002 60cP and 3.8cP.
