Time of starting the change

The change is scheduled to start from the production in April 2021.

Change of the OS

With the change of the PC, we also change the OS (from Windows 7 to Windows 10), but there is no change in the operation screen or operation procedure.

To replace the old part currently in use by the new part

Replacement by the new PC will be handled on a chargeable basis. In addition, parts that need to be replaced and part replacement work due to the change of PC will be chargeable. For details, please contact your DISCO sales representative.

Inquiries

Please contact your local DISCO sales representative or customer engineer if you have any questions regarding this matter.
